## Summer Students Begin Community Beautification

Residents have no doubt seen our students at the side of the road working on ditches etc. We would ask motorists to please slow down when passing by these folks. They sometimes forget how close to the road they are and we have had a few "fly pasts" that were a little too close for comfort.

Also we are looking for rainy day projects from the community. If service clubs or churches need windows cleaned, chairs washed, walls scrubbed, whatever the case may be please contact our C.A.O. David Hughes at 522-3703 with your ideas. We also want to make sure that we don't adversely impact anyone who is doing paid work for any of these jobs so please keep that in mind too. The best projects are those that you are not paying someone else to do anyway. The more labour intensive the better.
