- Chaleur Bay Watershed Group AGM

Councillor, Robinson wanted to let everyone know that the Chaleur Bay Watershed Group is having their annual general meeting on June 10, 2025 at La Barque in Pointe Verte. The AGM requires a quorum of this Council and the Council for The Chaleur Bay Watershed group. She would like for members of Council to let her or Yannick know if they are able to attend so they will know if they will have quorum or not.

Councillor, Robinson also wanted to update Council on an information session that was held on May 10, 2025. The Chaleur Bay Watershed Group is developing a watershed management program over the next several years. They are in the process now of gathering data and formulating the management plan which will be released in 2025-2026 and the implementation will be in 2026-2031. There are ongoing information sessions and you can look at the plans on their website.

Councillor, Robinson also noted that we still don't have a Belledune citizen representative on that group. She asked CAO, Lee if something could be sent in The Messenger, she noted that we have a hard time retaining someone for that group.

Councillor, Robinson mentioned that the Chaleur Bay Watershed Group is looking for financial assistance from Belledune and this may come up at the AGM. She noted that Belle-Baie has contributed, and this lends some stability to the organization.
